

ROXIE'S ROUNDUP

Events help dogs like Sadie (left) find homes! The Old Parish House (above) is the new venue.

Paws for Wine in September

The 8th Annual Paws for Wine will be held at a new venue on Saturday, September 25, 2010. The Old Parish House, located on Knox Road in College Park, will host the event this year from 7 to 9 pm. The Old Parish House is a historic 1700's building that has been renovated and is ADA accessible.

Paws for Wine will feature a wine tasting and hors d'oeuvres along with a

silent auction. Wine gurus will be on hand to pour and make suggestions for your tasting pleasure. The silent auction is always packed with hot items and gift certificates from local establishments. This year's selections include pet-themed items, unique artwork, homemade items, and more! Won't you come out to support Roxie's Fund? Bring your checkbook and an appetite!

This is our largest fundraiser of the year. Please consider volunteering to help or making a donation if you cannot attend.

Register early, space is limited! Visit www.roxiesfund.org or call 301-962-7509.

Adoption Events

Adoption Events are our way to be present in the community, bring awareness to our organization, and of course, get exposure to our wonderful adoptable dogs!

Recent adoption events include:
 Saturday, August 28th at the new Bark! store in Kentlands (Gaithersburg).
 Saturday, July 17th at Petco in Laurel.

Check our website for upcoming events. We would love to see you there as a volunteer or to check out our available pets!

Roxie's Fund joins Charity Campaigns

Roxie's Fund continues to participate in both the Maryland Charity Campaign and the Combined Federal Campaign. This means that if you work for either the state or federal government, you can set up one-time or recurring donations to your favorite approved charity via payroll deduction. This is probably the most painless way to donate, and you can spread your desired sum over a period of time.

ROXIE'S FUND IS AN APPROVED CHARITY WITH THE MARYLAND CHARITY CAMPAIGN AND COMBINED FEDERAL CAMPAIGN!

It's easy to sign up!

Inquire at your workplace in order to sign up for donation to Roxie's Fund or visit us at an MCC or CFC event in your area. You will need the charity designation number for Roxie's Fund, and these vary by region for the CFC:

Western Maryland #91236
Central Maryland #91236
St. Mary's County #4450
National Capital Area n #91236

For the MCC, the designation number is 2655 and is the same across the state.

SADIE

Sadie is a wonderful dog who happens to be a pit bull! She needs a family willing to "not judge a book by its cover"! Sadie would work out well in nearly any situation because she is very easy-going. She plays well with other dogs, she's loving, and she's a fast learner. Sadie wins over people wherever she goes! Wouldn't you like to meet this cutie?

BITSY & BOTSY

Bitsy and Botsy are two fabulous Chihuahuas! They were found by animal control living in horrible conditions and were taken in by Roxie's Fund. They are bonded to each other and are very fun and playful. They have unique personalities and have lots of love to give! Bitsy (right) loves belly rubs and Botsy (left) likes to perch on a shoulder to see the world. Won't you consider giving them a new leash on life?

COSMO

Cosmo is a cute AmStaff and probably boxer mix. He's a young boy who came to us after spending a few months in a shelter. Cosmo is so very cute and playful, we can hardly imagine what got him there! He loves playing with his friends at doggie daycare all day! Cosmo would love a family willing to play and run with him! He is smart and awfully cute and would love to meet you.

Roxie's Fund Reptiles

They require a lot different care than a dog, but really they have a lot in common. They need good nutrition, they need attention, and they need a safe environment to grow and thrive. They're reptiles. And Roxie's Fund has answered the call to rescue reptiles in need.

You wouldn't think that reptiles need to be rehomed, but the same problems that face other household pets face reptiles as well. In addition, many people do not understand the needs of their pet before they purchase it!

Bearded dragons, originally hailing from Australia, have become popular pets. They are docile and relatively small (up

to around 20 inches). In addition, they eat crickets and greens, which is nice for those squeamish about the diets of larger reptiles, which may include rodents.

Once the appropriate cage, such as a 40-gallon enclosure, is set up with the the right heat and lighting, the bearded dragon will be happy! They are enjoyable to watch and seem to thrive on attention.

If you are interested in adopting a reptile, contact our reptile coordinator Sonja at sonja_pups@comcast.net
